# MICHAEL TAYLOR DESIGNS LAUNCHES RIVIERA COLLECTION

**SAN FRANCISCO – MICHAEL TAYLOR DESIGNS** has launched the Riviera collection, a new outdoor furniture group by San Francisco interior designer Suzanne Tucker. Tucker worked side-by-side with Michael Taylor, whose “California Look” took the design world by storm.

Often referred to as his protégée, Tucker has interpreted Taylor’s use of scale and proportion, as well as clean lines and pitch of classic 18th century furniture, into the collection.

The Riviera collection pays homage to the chic yet casual lifestyle of her hometown Santa Barbara, often referred to as the Riviera of the West. The Riviera collection features a combination of teak and handwoven, easy-care resin wicker, dyed to mimic the random colorations of real wicker. The seating pieces have an aluminum frame and are powder coated.

The collection includes a lounge chair, ottoman, sofa (two- and three-seater), chaise and dining chair (side and arm).

Rounding out the group are coffee and side tables with a unique top, featuring solid teak fabricated as an open weave pattern. Michael Taylor Designs is already developing several pieces to extend the line: sec-

tional seating, a bar stool and a dining table.

The Riviera collection will be available at all Michael Taylor Designs showrooms across the country mid to late February 2016. **cl**
